## Continuing Medical Education

### **Pinehurst Pediatric Symposium**

Monroe Auditorium • Moore Regional Hospital Campus • Pinehurst, N.C.  
October 24, 2015

# Pinehurst Pediatric Symposium

Monroe Auditorium • Moore Regional Hospital Campus • Pinehurst, N.C.  
October 24, 2015

## Overall Goals:

- Enhance current knowledge of HPV vaccinations, ENT conditions, adolescent health, hydrocephalus and asthma.
- Facilitate networking opportunities with colleagues.
- Discuss topics of timely interest to physicians.

## Agenda:

**7 a.m. Breakfast & Registration**

**8 a.m. Welcome**

**8:15 a.m. Topic:** *What Providers, Parents and Teens Need to Know about the New HPV Vaccine*  
**Speaker:** **Tamera Coyne-Beasley, M.D., UNC – Chapel Hill School of Medicine**  
**Objectives:**

- Discuss the epidemiology of HPV
- Provide an update of the ACIP recommendations for HPV vaccination, including the use of the 9-valent vaccine
- Demonstrate how to provide a strong recommendation for the use of HPV vaccination

**9:00 a.m. Topic:** *2015 Update on Pediatric ENT*  
**Speaker:** **Austin S. Rose, M.D., UNC – Chapel Hill School of Medicine**  
**Objectives:**

- Examine making the diagnosis of and treatments for pediatric sinusitis
- Recognize when an ENT referral is indicated for possible tonsillectomy and adenoidectomy
- Discuss the pearls of diagnosis of and treatment for sleep apnea in pediatric patients

**9:50 a.m. Break**

**10:10 a.m. Topic:** *Adolescent Health Update*  
**Speaker:** **Richard Chung, M.D., Duke University School of Medicine**  
**Objectives:**

- Describe the key changes to the CDC STD Treatment Guidelines for 2015
- Articulate an evidence-based approach to screening for and managing depression in adolescents
- Provide an overview of screening and primary care management of disordered eating behaviors in adolescents

**11:00 a.m. Topic:** *Management of Hydrocephalus in 2015*  
**Speaker:** **Scott Elton, M.D., UNC – Chapel Hill School of Medicine**  
**Objectives:**

- Discuss signs and symptoms of hydrocephalus
- Recognize when a neurosurgery referral is indicated and if any preparatory testing and/or diagnostics should be ordered prior to the appointment
- Describe signs of shunt failure

**11:45 a.m. Topic:** *Evaluation and Management of Early Childhood Wheezing*  
**Speaker:** **Timothy P. Moran, M.D., PhD, UNC – Chapel Hill School of Medicine**  
**Objectives:**

- Review the etiologies of wheezing during early childhood
- Identify risk factors for asthma development in children with viral-induced wheezing
- Discuss treatment options for recurrent wheezing during early childhood

**12:30 p.m. Wrap-up and Evaluations**

**Networking Lunch**

## **Pinehurst Pediatric Symposium**

Monroe Auditorium • Moore Regional Hospital Campus • Pinehurst, N.C.

October 24, 2015

### **Faculty:**

#### **Richard J. Chung, M.D., Duke University School of Medicine**

---

Dr. Chung completed his medical education at Yale University School of Medicine and his residency in internal medicine and pediatrics, at Duke University Medical Center. He completed a fellowship in Adolescent and Young Adult Medicine at Children's Hospital in Boston. He is certified in internal medicine and pediatrics (general and adolescent medicine). Dr. Chung serves as the Medical Director of the Duke Center for Eating Disorders and the Director of Adolescent Medicine. He is an Assistant Professor in Pediatrics and Medicine with the Duke University School of Medicine.

#### **Tamera Coyne-Beasley, M.D., MPH, University of North Carolina at Chapel Hill School of Medicine**

---

Dr. Coyne-Beasley completed her medical education at Duke University School of Medicine. She also completed her residency in pediatrics and internal medicine at Duke University School of Medicine. Dr. Coyne-Beasley completed a fellowship in preventive medicine at the University of North Carolina at Chapel Hill. She is certified in pediatrics, and is a Professor in the Departments of Pediatrics and Internal Medicine with the University of North Carolina at Chapel Hill School of Medicine.

#### **Scott W. Elton, M.D., University of North Carolina at Chapel Hill School of Medicine**

---

Dr. Elton completed his medical education at the University of Pittsburg and his internship in general surgery at the Ohio State University Medical Center. He completed his residency in neurosurgery at the Ohio State University Medical Center, Nationwide Children's Hospital, and the Riverside Methodist Medical Center. He completed a fellowship in pediatric neurosurgery at Children's Hospital of Alabama. He is certified in pediatric neurological surgery. Dr. Elton is currently a Clinical Professor and Director of Pediatric Neurosurgery in the Department of Neurosurgery at the University of North Carolina at Chapel Hill.

#### **Timothy P. Moran, M.D., PhD, University of North Carolina at Chapel Hill School of Medicine**

---

Dr. Moran completed his medical education, internship and residency at the University of North Carolina at Chapel Hill. He completed a fellowship in allergy and immunology at Duke. He also has a PhD in microbiology and immunology from the University of North Carolina at Chapel Hill. He is certified in pediatrics and pediatric allergy and immunology. Dr. Moran is an Assistant Professor in the Division of Allergy, Immunology and Rheumatology at the University of North Carolina at Chapel Hill School of Medicine.

#### **Austin S. Rose, M.D., University of North Carolina at Chapel Hill School of Medicine**

---

Dr. Rose completed his medical education at the University of North Carolina School of Medicine. He also completed his internship in general surgery and his residency in Otolaryngology/Head and Neck Surgery at the University of North Carolina. He completed a fellowship in pediatric otolaryngology at Johns Hopkins Hospital in Baltimore. Dr. Rose is certified in pediatric otolaryngology. He is professionally associated with the UNC – Chapel Hill School of Medicine and serves as Associate Professor of Otolaryngology/Head and Neck Surgery and Pediatrics.
