

Laparoscopic Bariatric Surgery Outcomes

(2017)

FirstHealth's 30-day outcomes are at or better than the Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program (MBSA-QIP) norms

KEY

■ FirstHealth Moore Regional Hospital
■ Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program (MBSA-QIP)

★ Exemplary compared to national outcomes

At FirstHealth, patient safety is a priority. Our rates of complications from laparoscopic weight-loss procedures are low.
